

Daily SAA Westside Meeting for Twelve Step Recovery - 7 p.m. (PST)

Tuesday Chip Presentation Script

Blue text is for host instruction

Every Tuesday here at SAA Westside, we recognize periods of sobriety using virtual chips.

[read the next portion of the script, pausing after each sobriety period is called out so that members may raise their hand to claim a chip. If members do not raise their hands after a reasonable amount of time, move on to the next sobriety period call.]

Does anyone here wish to take a chip for 24 hours of sobriety, or recommitment to the program?

Is anyone celebrating 30 days of sobriety?

60 days?

90 days?

6 months?

9 months?

1 year?

Is anyone celebrating more than 1 year of sobriety?

And one more chance, would anyone like to take a chip for 24 hours of sobriety or a milestone that is significant to you in your recovery?

Congratulations to all our chip-takers; that's it for our virtual chip distribution.
Thank you and keep coming back.
